

1. **Poll Schedule** - On Election Day, polling places may open as early as 5:45 a.m. and must open by 7:00 a.m. and remain open until 8:00 p.m. A voter in line by 8:00 p.m. has the right to vote. Voters can vote early at the designated place in their town or city from October 22, 2018, to November 2, 2018.
2. **Voter ID** - A voter may be asked to provide identification at the polling place in order to vote. Acceptable ID may include: a driver's license, a state-issued ID card, a recent utility bill, a rent receipt, a lease, a copy of a voter registration affidavit, or any other printed identification which contains the voter's name and the address at which they are registered to vote. If a voter (other than a first-time voter) fails to provide any of these forms of identification, the voter will must be permitted to vote, though the person's right to vote may be challenged. First time voters are required to provide acceptable ID. If a first-time voter does not have an acceptable identification, he or she may cast a provisional ballot. The voter's provisional ballot will be counted if he or she submits the proper identification, as well as his or her address and telephone number, to the county Board of Registrars by 5:00 p.m. on the Friday following Election Day.
3. **Accessibility** - All polling locations should be accessible to voters with disabilities. Additionally, there should be voting equipment at every polling place to accommodate voters with disabilities, including non-visual accessibility for the blind and visually impaired.
4. **Assistance at the polls** - If a voter cannot read, write, or speak English or he/she is blind or otherwise physically disabled, the voter has the right to receive help with voting by a person of his/her choice except the judge of elections, the voter's employer or an agent of the employer, or an officer or agent of the voter's union. Alternatively, a voter can request that two election officers, each from a different political party, accompany him/her into the voting booth to assist him/her in completing their ballot.
5. **If a voter has moved** - If a voter has moved to a different precinct in the same city or town prior to the election, a voter has the right to vote at the polling place of the voter's new residence by making a written application to the city or town clerk no later than the close of registration.
6. **Mistake ballot** - If a voter makes a mistake or "spoils" his ballot before casting it, the voter may return it and ask for another. Voters must be allowed up to three ballots.
7. **Polling place boundary** - Voters have the right to wait to vote (and to vote) without anyone electioneering or trying to influence their vote in any other way within 150 feet from the building entrance door to a polling place.
8. **Provisional ballots** - If a voter is not on the list of registered voter at a polling place, that individual still has the right to vote by provisional ballot if the voter executes a written confirmation that she/he was properly registered in the jurisdiction and resides within the geographical boundaries of the precinct in which the provisional ballot is being cast. **However, a provisional ballot should always be a last resort (see FAQs for alternative solutions).**
