1. **Poll Schedule** - On Election Day, each polling place will be open from 7 a.m. to 8 p.m. A voter in line by 8 p.m. has the right to vote.

2. **Voter ID** - Photo identification is not required to vote in Delaware. Voters will be asked to present identification in the voting room, but if a voter does not have identification, they may sign an affidavit of affirmation that they are the person listed on the election district record, and will then be permitted to vote by regular ballot. If a person's eligibility to vote at the applicable election district cannot be determined, the voter shall be permitted to vote by provisional ballot. Forms of identification may include: Delaware driver's license or state ID; U.S. passport or other photo ID issued by the U.S. government; signed polling place card or social security card; signed vehicle registration; signed credit card with photo; current utility bill or bank statement; or other similar document that identifies the person by photo or signature.

3. **Accessibility** - All polling places must be accessible to voters with disabilities. Additionally, there must be voting equipment at every polling place to accommodate voters with disabilities, including non-visual accessibility for the blind and visually impaired. Election officials must allow a physically disabled voter to bring someone of their choosing with them to assist the voter, so long as the person assisting the voter is not the voter's employer, that employer's agent, or an officer or agent of the voter's union.

4. **Assistance at the polls** - If a voter cannot read, write or speak English or they are blind or otherwise physically disabled, the voter has the right to receive help by a person of their choice, so long as the person assisting the voter is not the voter's employer, that employer's agent, or an officer or agent of the voter's union.

5. **If a voter has moved within the State** - If a voter has moved within the State of Delaware prior to Election Day, the voter may vote either at the polling place where they are registered, or at the polling place for that person's new residence or address.

6. **Mistake ballot** - If a voter makes a mistake or "spoils" their ballot, and has not cast the ballot, the voter has the right to receive a replacement ballot after returning the spoiled ballot.

7. **Polling place boundary** - Voters have the right to wait to vote (or to vote) without anyone electioneering or trying to influence their vote in any other way within 50 feet of the entrance to the building where the voting room (or polling place) is located.

8. **Provisional ballots** - Voters will receive a provisional ballot if they are unable to verify that they are eligible to vote in the Election District where they are attempting to vote or if their eligibility to vote is challenged and the vote is refused. In addition, if a court orders a polling place to be kept open beyond normal time for closing, any voters arriving to vote after the normal closing time will be required to vote by provisional ballot. **A provisional ballot should be a last resort.**

9. **Voting in the 2020 presidential primary election** - Primary elections in the Delaware are “closed”, meaning only voters registered by party may vote in that party’s primary election. Unaffiliated and “independent” voters may not vote in primaries unless they update their registration to include party affiliation.
