1. **Poll Schedule**- On Election Day, for municipalities with populations of 500 or more, the polls can open between 6:00 am and 8:00 am. For municipalities with populations of less than 500, the polls can open between 6:00 am and 10:00 am. Local officials can provide the exact opening time for each municipality. All voting places close by 8:00 pm. A voter in line at the time of poll closing has the right to vote.

2. **Voter ID**- If a voter registered in advance of Election Day, he/she does not need to present a photo ID to vote. Voters who wish to register in person on Election Day will need to write down their Maine driver’s license number, Maine State ID number, or the last four digits of their social security number (if they don’t have a Maine driver’s license or Maine State ID) in their applications. In addition, voters will need to prove their identity and residency by showing one of the following documents including their current name and street address: valid Maine driver’s license; valid Maine State ID; a current utility bill; a bank statement; a paycheck; or another government document showing their current name and street address. If a voter cannot prove identity and residency, his/her name will still be included in the list of registered voters, but the voter will only be permitted to cast a provisional (challenged) ballot. If the voter must take further action to verify his/her identity or residency, the voter will be contacted by the election authorities before a decision is made whether to count or not to count the challenged ballot.

3. **Accessibility**- All polling places should be accessible to voters with disabilities. Additionally, voters have the right to use Maine’s Accessible Voting System at every voting place.

4. **Assistance at the polls**- Any voter who needs assistance voting is entitled to have some person of his or her choice, other than the voter’s employer, an agent of the employer, or an officer or agent of the voter’s union, mark the voter’s choices or assist the voter in marking his or her choices on the ballot. A voter may also request an election official to assist.

5. **If a voter has moved**- If a voter has moved within the same municipality, the voter should notify the registrar to change his/her address on the incoming voting list and in the central voter registration system. If a voter fails to notify the registrar before Election Day, he/she will need to request the municipal registrar a change of address on Election Day. If a voter has moved to a different municipality, the voter should re-register with the registrar of his/her new municipality.

6. **Mistake ballot**- If a voter makes a mistake or “spoils” his or her ballot before casting it, the voter has the right to receive a replacement ballot after returning the spoiled ballot to the election clerk in charge of issuing ballots, but no more than twice.

7. **Polling place boundary**- Voters have the right to wait to vote (or to vote) without anyone electioneering or trying to influence their vote in any other way within 250 feet of the entrance to the polling place or polling room.

8. **Provisional ballots**- A voter has the right to vote by provisional (challenged) ballot if the voter’s right to vote has been challenged by an eligible challenger. Challenged ballots will be counted the same as regular ballots. The validity of the challenged ballots will not be determined unless it affects the results of an election. **However, a provisional ballot should be a last resort.**

9. **Voting in the 2020 Primaries**- Primary elections in Maine are closed, meaning only voters registered by party may vote in that party’s primary election. Newly registered Maine voters or unaffiliated voters may affiliate with the party at any time, including the day of the primary. Voters wishing to switch their affiliation must do so 15 days prior to the primary, by June 30, 2020.
