1. **Poll Schedule** - On Election Day, each polling place will be open from 7:00 a.m. to 8:00 p.m. EST. A voter in line by 8:00 p.m. has the right to vote. Voters who are already registered to vote at their current address must vote at their assigned polling locations. Voters who need to register or update their registration address must visit the city/township clerk’s office with proof of residency. Once registered at their current address, a voter can vote an absentee ballot in the clerk’s office or go to vote in the polling location.

2. **Voter ID** - A voter will be asked to provide current and valid photo identification at the polling place in order to vote a regular ballot. If they cannot provide photo identification, they should sign an affidavit indicating that they do not possess a photo ID or don’t have it with them and cast a ballot. The ballot may be marked as challenged, but it will be counted as a regular ballot. Acceptable forms of ID include: (a) Driver’s license or personal ID card issued by Michigan or another state, (b) federal or state government-issued photo ID, (c) U.S. passport, (d) military ID with photo, (e) student ID with photo from a high school or an accredited institution of higher education, or (f) tribal ID with photo. The address on (a) and (b) do not have to match the voter’s registration.

3. **Accessibility** - Polling places are required to be “accessible” and should comply with the Voting Accessibility for the Elderly and Handicapped Act and the Help America Vote Act of 2002. All polling locations should be wheelchair accessible and offer parking for persons with disabilities. Each polling place should have at least one accessible voting device for voters with disability. If a location is not accessible, a voter can ask for curbside voting, which requires poll workers to bring a ballot to the car for the voter to complete.

4. **Assistance at the Polls** - If a voter cannot read, write or speak English or are blind or otherwise physically disabled, they have the right to receive help with voting by any person of their choosing other than the voter’s employer or an agent of the employer, or an officer or agent of the voter’s labor union.

5. **If a Voter Has Moved** - If a voter has moved, they can register to vote at their new address up to 8 p.m. on Election Day at the city or township clerk’s office or a satellite office. Alternatively, if a voter has moved within the same city or township, they can vote at their old precinct for up to 60 days after Election Day. A voter who has moved to a different city or township within 60 days of Election Day is also permitted to vote one last time at their old precinct.

6. **Mistake Ballot** - If a voter makes a mistake on their ballot, they have the option to “spoil” their ballot and obtain a new ballot from the election workers.

7. **Polling Place Boundary** - Voters have the right to wait in line to vote (and to vote) without anyone electioneering or trying to influence their vote in any other way within 100 feet of an entrance to a building in which a polling place is located. Doing so is a misdemeanor.

8. **Provisional Ballots** - A voter has the right to vote by provisional ballot if the voter’s name does not appear on the rolls or voting list. **However, a provisional ballot should be a last resort.**

9. **Voting in the 2020 MI primary elections** - Voters may select one—but only one—party ballot from any party. There is no party registration in Michigan. However, the voter must state the party primary they wish to participate in before being issued a ballot.
