1. **Poll Schedule** - On Election Day, each polling place will be open by between 5:00 a.m. and 10:00 a.m., depending on the location, and will close at 7:00 p.m. A voter in line or in the process of voting by 7:00 p.m. has the right to vote. Due to the COVID-19 pandemic, emergency polling place changes may occur and if there is any question about whether such a change has occurred, check “My Voter Page,” the Town Clerk’s website or contact the Town Clerk for updated information.

2. **Voter Registration** - Vermont has same day voter registration. If a voter wishes to register and vote on Election Day, they must complete a voter registration application at the polling place in their town covering the location of their residence.

3. **Voter ID** - At the polling place, voters will be required to announce their name and, if requested, their place of residence. They may be required to present their name in writing or otherwise identify themselves by appropriate documentation. Their name will be verified with the checklist by an election official. If they are not a first-time voter in the municipality, no identification will be required and the election official will place a mark next to their name on the checklist. If they are voting for the first time in the municipality and registered to vote by mail or online and did not provide proper identification prior to the opening of the polls, voters are required to present an acceptable form of identification. If they do not have proper identification, they may still vote by “provisional ballot.” Acceptable forms of identification include:

   - A valid photo ID (driver’s license or passport)
   - A current utility bill that shows the voter’s current name and address

4. **Accessibility** - All polling places in Vermont should be accessible to people with disabilities. Voters have the right to vote using curbside voting, early or absentee voting, or home delivery.

5. **Assistance at the polls** - Any voter who needs assistance voting has the right to receive help with voting from a person of his/her choice except the voter’s employer, an agent of the voter’s employer, or an officer or agent of the voter’s union. Alternatively, a voter may receive assistance from two election officials of different party affiliations.

6. **If a voter has moved** - If a voter’s new address is covered by their former polling place, the voter may vote upon affirming that he/she continues to reside in the area covered by that polling place. If a voter has moved within the same municipality, but is covered by a different polling place, the voter may vote at their new polling place if they affirm they reside in the same municipality in an area covered by the new polling place. Voters who have moved to a new municipality up to 17 days before an election may vote one last time at their previous polling place and affirm their new address when they request a ballot. Voters who moved to a new municipality 18 days of more before the election are not eligible to vote at the polling place located at his/her old address and should re-register to vote in the town of his/her new address.

7. **Mistake ballot** - If a voter makes a mistake or “spoils” his/her ballot and has not cast the ballot, he/she has the right to receive a replacement ballot after returning the spoiled ballot.

8. **Polling place boundary** - There is no specific number of feet away from the polling place limitation. Voters have the right to vote without anyone intimidating them, trying to influence their vote within the polls, or interfering with their progress to or from the polling place.
9. **Provisional ballots** - Provisional ballots are very rare in Vermont. **A provisional ballot should be a last resort.** Voters may register to vote at the polling place on Election Day.

10. **Voting in the 2020 Statewide Primary** – Primary elections in Vermont are open, meaning that voters need not be registered members of the party holding the primary to vote in the primary.
