QUESTIONS

49. Who should I contact if I have questions about any of the above?

REGISTERING TO VOTE

1. STATUS: Am I registered to vote?

All Indiana voters can check their registration status on the [Indiana Statewide Voter Registration System website](#).

Voters in Marion County may check the [Marion County Election Board Voter Information Portal](#).

2. HOW: How do I register to vote? What if I don't have access to a computer and/or printer?

Note that for the November 2020 General Election, the voter registration deadline has passed except for a small subset of military and overseas voters. [See Question 4](#). Voters can register to vote (1) online, (2) by mail, or (3) in person. If a voter does not have access to a computer and/or printer, printed applications may be obtained at the locations listed in item (2), or a voter can register in person at the locations listed in item (3). Indiana issues a yearly [Voter Registration Guidebook](#) that gives details on every aspect of voter registration in Indiana.

1. **Online.** A voter can submit a registration application online through the [Indiana Statewide Voter Registration System website](#).
2. **By Mail.** In order to register by mail, a voter must obtain a registration application (available at places including public libraries, license branches, township trustee offices, city and town clerks' offices, county voter registration offices, clerk's offices, public secondary schools, and the Indiana Election Commission). Voters can also download a mail-in registration form from the [Indiana Statewide Voter Registration System website](#) by clicking on the printer icon in the upper right-hand corner of the page and then selecting the appropriate form (both the state and federal voter registration forms are valid in Indiana). Voters must return the completed form to their county's voter registration office or the Indiana Election Division.
3. **In Person.** In person registration is available at any of the following places:
 - At the county voter registration office;
 - At the Indiana Election Division;
 - At any Bureau of Motor Vehicles (BMV) license branch while applying for or renewing a driver's license, permit, or identification card;
 - At any public assistance office while applying for services;
 - At certain agencies serving persons with disabilities while applying for assistance;
 - At armed forces recruitment agencies;
 - At any unemployment compensation office while applying for services.¹

3. IDENTIFICATION: What ID is required to register to vote?

To register **online**, a voter must have a current and valid Indiana driver's license, Indiana Bureau of Motor Vehicles identification card, or Indiana learner's permit. If a voter does not have any of these documents, they may still register to vote **in person** or **by mail** using a paper application and will be asked to provide the last four digits of their social security number.² If the voter also cannot provide the last four digits of their social security number, they may still register to vote by mail; they will be issued a random voter identification number.³ Additionally, someone applying in person or by mail must provide proof of

residency, either through (1) a current and valid photo identification; or (2) a current utility bill, bank statement, government check, paycheck, or government document. Proof of residency documentation must show the name and residence address of the voter at the address shown on the voter’s registration. Identification documents may be submitted in the mail with the registration application; in person or by mail at the county voter registration office at a later date; or at the polls on Election Day.⁴

4. DEADLINES: When is/was the voter registration deadline? Are there different deadlines whether I register by mail, in-person, online or on Election Day?

Voter registration is closed in Indiana for the November 3, 2020 election.

The voter registration deadline for voting in the November 3, 2020 election is **October 5, 2020**. (For registration applications submitted by mail, the application must be **postmarked** by October 5.)⁵

Registration by Federal Post Card Application for military or overseas voters are processed if received by **October 26, 2020**.⁶ Military voters and their families who fit the following criteria may register to vote after October 26, 2020⁷:

- Meet the other general qualifications to vote in Indiana
- Complete a voter registration application.
- Have not already voted at any other precinct in the election.
- For the November 3, 2020 General Election:
 - Have been absent from Indiana from May 19, 2020 through October 26, 2020.
 - Have returned to Indiana on or after October 27, 2020.
 - Provide your discharge papers (dated on or after May 19, 2020) or a government movement order (with a reporting date on or after May 19, 2020) to your county.

5. SAME DAY: Does my state have Same Day Registration (i.e. I can register to vote the same day I vote)? If so, what is the process?

Same Day Registration is **not** available in Indiana.

6. PERMANENT MOVE: I have moved permanently and I didn’t update my voter registration, can I vote?

See Page 76 (lacks a page number; pg 84 of the entire PDF) of the [2020 Indiana Voter Registration Guidebook](#) for a helpful flowchart of the below information.

	Moved within the same precinct	Moved to a different precinct	Moved out of state

The voter’s registration record must be updated to include the new address. ⁸	Yes – in the <u>old</u> precinct. Moved 30 days or more before Election Day (i.e. on or before Sunday, October 4, 2020 for the general election)	Yes. The voter's registration record must be updated to include the new address. ¹⁵	<u>In the same county and congressional district:</u> Yes – in the <u>old</u> precinct. 7. TEMPORARY MOVE/HOUSING INSTABILITY/HOMELESSNESS: I have moved temporarily due to Covid-19 or some other reason. Where can I vote?

An individual may vote in Indiana if they are an **Indiana resident** and meet other voter eligibility criteria. Please see [Question 6](#) for voters who have recently made a permanent move. An individual's polling location is determined by their residence, which should be the address where they are registered to vote, and which will not be affected by a temporary move. Indiana defines "residence" as the place: (i) where a person has their true, fixed, and permanent home and principal establishment; and (ii) to which the person has, whenever absent, the intention of returning.¹⁹ If a voter will not be at their residence on Election Day, they may apply to vote absentee by mail.

Sometimes a voter may be unsure if their move is permanent or temporary. This should not disenfranchise the voter. Wherever the voter currently deems their residence should be used as their voter registration address.

Due to COVID-19, more voters may be experiencing housing instability or homelessness. Voters in Indiana experiencing housing instability or homelessness are still eligible to vote. To register to vote, homeless or housing-insecure voters may use a mailing address within the precinct where they live.²⁰

8. STUDENT: I am a college student in Indiana. Can I register to vote where I go to school? What if I am taking classes remotely? Where can I vote?

College students in Indiana who are otherwise eligible to vote may register at either (i) the address where they live while attending school or (ii) the address where they live while not attending school.²¹ “[T]he intent of where students plan to return after attending college, or during summer and winter breaks, is not to be factored into the decision to approve their registration. They may register at school, if they so choose.”²²

Students studying remotely similarly may choose to register at their address where they live when not attending school, or their resident address near school, if they have one. If the student does not have a resident address at school then they may register to vote only at their address where they live when not attending school/where they live while in school remotely. If the student’s remote location means that they will be absent from the county where they are registered to vote on Election Day, then the student may request an absentee mail-in ballot. See [Question 19](#).

Note: Students may register online as long as they possess an Indiana Driver’s license, Indiana Bureau of Motor Vehicles ID card, or Indiana learner’s permit. See [Question 2](#) for information about registering to vote online, or requirements for registering to vote on a paper application. To vote on election day, students must present an ID that meets the criteria discussed in [Question 36](#).

9. LIVING ABROAD: I am living abroad and/or am serving in the military. How can I register and/or vote?

Overseas voters and absent uniformed services voters should complete the Federal Post Card Application (FPCA), also known as Standard Form 76, which is a voter registration form and absentee ballot application. When completing the FPCA, the applicant must provide the complete street address of their voting residence (usually the U.S. address where they last lived). An applicant cannot use a post office box as an Indiana residence address. An overseas voter does not need to have any current physical ties to this address.

The website <https://www.fvap.gov/indiana> will guide the voter through the process of registration using the FPCA.²³

An “overseas voter” includes:

1. An absent uniformed services voter who, by reason of active duty or service in a branch of the military, is absent from the United States on the date of the election; or a member of the Indiana National Guard deployed outside Indiana;
2. A U.S. citizen who temporarily resides outside of the U.S. but intends to return to the U.S., and
3. A U.S. citizen who is residing in another country and their return to the U.S. is uncertain, who, but for such residence, would be qualified to vote in the last place in which they resided before leaving the United States. **(Note that this third category of overseas voter is eligible to vote only for federal offices, as outlined below.)**²⁴

An “absent uniformed services voter” includes members of the military and their spouses who fall under the definition of “overseas voter” OR who are stationed within the United States but outside of Indiana.²⁵

If a person is an overseas voter who (i) indicates their “return is uncertain” on the FPCA, (ii) resides in another country, and who (ii) but for such residence, would be qualified to vote in the last place in which

they resided in Indiana before leaving the U.S., then they are entitled to a federal only ballot. For election purposes, this individual is considered to be a registered voter of the Indiana precinct where the county voter registration office is located.²⁶

If the individual is a U.S. citizen who has never lived in the United States, the individual is ineligible to register and vote in Indiana.²⁷

10. CRIMINAL CONVICTION: I have a criminal conviction. Can I vote?

A citizen cannot vote or register to vote in Indiana if he or she has been convicted of a crime (whether a felony or otherwise) and is currently imprisoned following that conviction.²⁸ A voter will be removed from the registration rolls once they are imprisoned following conviction of a crime.²⁹ A citizen may re-register and vote a regular ballot after release from prison.³⁰ An individual who is in pre-trial detention, on probation, parole, subject to home detention, or placed in a community corrections program may register and vote.³¹ Some types of community corrections programs include: work release, electronic monitoring, substance abuse programs, and day reporting.³²

11. INCARCERATED: I am currently in jail. Can I vote?

Refer to [Question 10](#) for citizens who are currently incarcerated after being convicted of a crime. An individual who is in prison awaiting trial is still eligible to vote.³³ Practically speaking, it may be difficult for a voter to exercise this right. At a minimum, the voter is entitled to apply for an absentee mail ballot—but not that even this option requires that the voter obtain an absentee mail ballot application and be able to mail the application to the correct election authority. See [Questions 20-23](#) for more information about mail ballot requests.

12. NOT ON ROLLS AT POLLING PLACE: I am at my polling place and am not on the voter registration roll. Can I vote where I am?

If a voter is not found in the precinct register where the voter is attempting to vote, first make sure that the voter is in the correct polling place. A voter can find his or her polling place by checking the Indiana Statewide Voter Registration System website (<https://indianavoters.in.gov/>). (See [Question 35](#)).

Note that, because of COVID-19, we expect many last minute changes to polling place locations, and online lookup tools may not be updated in real time. Have the voter ask the election judge for assistance in determining if a polling place has moved. Hotline volunteers also may check the website of local jurisdictions to see if any updates have been posted, or ask a Captain if you should call an election jurisdiction to ask about changes to polling place locations.

Encourage the voter to ask the election judge for help in determining whether the voter is in the correct polling place. The election judge may have a help number they can call or access to online lookup tools.³⁴ If the voter did not update their voter registration after moving is in the correct precinct based on the voter's current address, but the voter did not update their voter registration after because the voter has moved, refer to [Question 6](#).

If the voter is not on the poll list of the correct precinct for reasons other than moving, there are three scenarios where the voter may still vote a regular ballot:³⁵

1. If the voter's name has been left off the poll list by mistake, and a poll worker is able to confirm with the county clerk or voter registration office that the voter is registered to vote in the precinct, then the county must issue a "Certificate of Error" (a poll worker should confirm over the telephone that the certificate has been issued), and the voter may cast a regular ballot.³⁶
2. If the voter's name is not on the poll list, but the county voter registration records show the voter was formerly registered in the precinct and the registration was canceled, the voter may cast a regular ballot if the voter affirms that he or she still lives at the address of the former registration, **even if the cancellation had been at the request of the voter.**³⁷
3. If the voter's name is not on the poll list, but the voter has a receipt of a voter registration application from an agency (like the BMV) indicating that he or she applied to register to vote on or before October 5, 2020, a poll worker should contact the county election board immediately to determine whether the county voter registration records provide any information about the voter's application.
 - If the application was approved, the poll worker should confirm over the telephone that a "Certificate of Error" has been issued, and the voter should be allowed to cast a regular ballot.³⁸ Alternatively, if the application had been approved the voter may fill out a new voter registration application at the polling place, submit it to the precinct election board, and then vote a regular ballot.³⁹
 - If the application was rejected, the poll worker should advise the voter to contact the county election board to resolve the problem.⁴⁰ Note that if the voter learns on election day that their application to register to vote was rejected, the voter may be unable to correct the registration before the end of the day on November 3, 2020. The voter should still vote a provisional ballot.
 - If the county voter registration office has no information about the application, and the voter is willing to sign the poll list for the precinct (effectively swearing under penalty of perjury that the person is a qualified voter of the precinct) and fill out a new voter registration application, the voter should be allowed to cast a regular ballot.⁴¹

If the voter's name is not on the poll list, and the voter does not fall into one of the situations covered by a fail-safe procedure, but the voter believes that he or she is registered in the precinct, the voter must be offered a provisional ballot.⁴² The voter should contact the county voter registration office promptly after the election to try to resolve the discrepancy. See [Question 48](#) for more information about provisional ballots.

13. THOUGHT WAS REGISTERED: My name isn't on the voter registration roll but I thought I was registered. Could it have been removed? What do I do?

A voter's name can only be removed from the list of registered voters⁴³ by his or her written request,⁴⁴ imprisonment following a criminal conviction,⁴⁵ death,⁴⁶ or in connection with a voter list maintenance program.⁴⁷

- A voter list maintenance program is a county's efforts to remove from their rolls voters who have moved and are now ineligible to vote in that county.⁴⁸ Voters may NOT be removed through a voter list maintenance program within 90 days of a primary or general election, nor solely due to the voter's failure to vote.⁴⁹ Before removing someone through a voter list maintenance program, a county voter registration office must mail a notice to the voter's listed registration address allowing the voter to respond by a specified date.⁵⁰ If the voter does not respond, they shall be

moved to “inactive” status.⁵¹ A voter remains on the voter rolls while on inactive status. The voter is removed from the rolls only after: 1) the voter provides a new current address, and so their prior voter registration is cancelled; or 2) the voter does not appear to vote for two general elections.⁵²

- Any voter whose name was removed following criminal conviction and imprisonment must re-register in order to have his or her name restored to the statewide voter registration system.⁵³
- A voter who was erroneously marked as deceased and thereafter removed from the voter registration roll is entitled to be reinstated.⁵⁴

On Election Day, refer to [Question 12](#). Before Election Day, if a voter’s name has been removed from the rolls and the voter registration deadline has passed, the voter may call the county voter registration office to resolve the situation. Contact information for each county registration office is found at [this website](#) or on the second page of Indiana’s paper voter registration form, [linked in the middle of this page](#).

To help determine why a voter’s name is not on the list of registered voters:

- Check the voter’s registration status using the registration lookup tool to see if he/she is registered to vote elsewhere in the state. (Refer to [Question 1](#).)
- Has the voter moved recently? Could he/she be registered at an old address? Check that address in the registration lookup tool. (Refer to [Question 1](#).)
- Has the voter changed his/her name recently, or could he/she be registered under a different name? Check that name (and any variations of the voter’s name, especially for hyphenated names, which sometimes trip up databases) in the registration lookup tool. (Refer to [Question 1](#).)
- When/where did the voter register to vote? Was that before the deadline? If the voter registered after October 5, 2020, the voter will be unable to vote in the November 3, 2020 election.
- Ask when a voter most recently voted. Have they voted in either of the two most recent general elections? Since the time that they last voted, has the voter moved? A voter may have been removed from the rolls if a notice was sent to their voter registration address, the voter did not respond, and the voter then did not vote in the following two general elections. *Note that these questions may be sensitive.*

HOW TO VOTE: EARLY VOTING

14. AVAILABILITY: Is there early voting in my state (whether called early voting or in person absentee voting)? When is it?

Yes, early voting (called in-person absentee voting)⁵⁵ is available from October 6, 2020 to noon on November 2, 2020.⁵⁶ Find early voting locations through the [Indiana Voter Portal](#) by clicking on the “Voting Location” option. Additionally, check with the [relevant county clerk’s office](#) to find the most updated early voting locations and times. (It may be easiest to google the county clerk’s website and first check for updates posted online.)

Refer to [Questions 19 to 33](#) regarding absentee voting by mail.

15. ELIGIBILITY: Do I have to have a reason to vote early?

All registered Indiana voters are eligible to vote early in person.⁵⁷ Refer to [Question 23](#) regarding the eligibility requirements for absentee voting by mail.

16. WHEN: When do the polls open/close during early voting?

A voter can check early voting dates, times, and locations on the [Indiana Voter Portal](#). Click on the “Voting Location” box; the voter will be able to view both early voting and election day polling place options.

At a minimum, every county must have in-person absentee voting available Saturday, October 24, 2020, and Saturday, October 31, 2020, for at least 7 hours (unless the county’s population is less than 20,000, in which case the site can be open for a minimum of 4 hours).⁵⁸

17. WHERE: Where do I vote during early voting?

A voter can check early voting dates, times, and locations on the [Indiana Voter Portal](#). Click on the “Voting Location” box; the voter will be able to view both early voting and election day polling place options.

18. IDENTIFICATION: What identification is required for early voting? Can I vote without providing identification?

An absentee voter casting a ballot in person before Election Day is required to provide the same identification as a voter who casts a vote in person at the polls on Election Day.⁵⁹ For in-person identification requirements, refer to [Question 36](#).

HOW TO VOTE: VOTE BY MAIL (also called mail-in absentee voting)

19. AUTOMATIC: Do I have to request a mail-in ballot or will my state mail me one automatically? How do I request one?

A mail-in ballot must be requested.⁶⁰ Indiana does not automatically send mail-in ballots.

In order to receive a mail-in ballot, a voter who meets one of the requirements listed in [Question 23](#) must complete a mail-in ballot application. Voters who already are registered to vote may file a mail-in ballot application on the [Indiana Voter Portal](#) page by clicking on “Vote By Mail or Traveling Board.” Mail ballot applications may also be printed from the Indiana Voter Portal (using the same link) and mailed to the relevant county election board (addresses are on the back of the paper application) or emailed to the Indiana Election Division at elections@iec.in.gov.⁶¹ Voters can also (i) call their county election official or the Indiana Election Division at (317) 232-3939 to request a mailed copy of the application or (ii) visit their county election office or election division to pick-up an application in-person.⁶²

20. APPLICATION DEADLINE: What is the deadline for requesting a mail-in ballot?

The county election board or county clerk's office must receive the mail-in ballot application (either in person or by mail) by 11:59 p.m. twelve days prior to Election Day (October 22, 2020 for the general election).⁶³

An application for the traveling board referenced in [Question 23](#) must be received by noon the day before Election Day.⁶⁴

21. APPLICATION RETURN: Where and/or how can I return my mail-in ballot application? Can someone return it for me?

Applications can be returned⁶⁵:

1. **Online.** Voters can visit the [Indiana Voter Portal](#) and enter the requested information as it appears on the applicant's voter registration record.
2. **By mail or hand-delivery.** Voters can mail or deliver their application to their county election boards (the address of each county election board can be found on the back of the mail-in ballot application).
3. **By email.** The voter can print, sign, and scan or photograph their application and email it to the county official or the Indiana Election Division at elections@iec.in.gov.

A voter can arrange for another person to return their completed application. The person delivering the application on behalf of the voter must file the application with the county election board by noon 10 days after receiving it (or by the applicable mail-in ballot application deadline, whichever occurs first).⁶⁶

The person who files the voter's mail-in ballot application must also complete and file an affidavit (ABS-17) stating.⁶⁷

1. The name, address, and telephone numbers of the person filing the application.
2. That the individual filing the application complied with state laws regarding submitting applications.
3. The date (or dates) that the absentee ballot applications attached to the affidavit was received.
4. That the person filing the application had no reason to believe that the applicant was ineligible or did not properly complete and sign the application.
5. That the affidavit is completed under the penalties of perjury (with those penalties being set out on the affidavit).

22. UNEXPECTEDLY HOSPITALIZED/DIDN'T REQUEST IN TIME: What if I have not requested a mail ballot by the deadline?

In general, the deadline to request a mail-in ballot application for the 2020 General Election has passed—the deadline was October 22, 2020.

However, if a voter: 1) expects to be confined due to illness or injury; 2) expects to be caring for a confined person at a private residence; or 3) is a voter with disabilities who believes the voter's polling place is not accessible, then the voter may apply to vote absentee by traveling board.⁶⁸ The request must be made to the circuit court clerk (or, in the cases of Lake and Porter counties, the Lake County Election Director or Porter County Election Board) and *received by noon* the day before the election—November 2, 2020.⁶⁹ If the application is granted, the traveling board will contact the voter and make an appointment to come to the voter's residence with a ballot.⁷⁰ Applications to vote by traveling board can be downloaded on the

[Indiana Voter Portal](#). Click the blue button in the middle of the screen that says “Vote By Mail or Traveling Board” and scroll a little more than halfway down the page.

If a voter has been hospitalized or injured after the deadline for requesting even a ballot by traveling board, a county election board may authorize the person to vote by absentee ballot (the county election board must vote unanimously).⁷¹ The Indiana Election Commission may also allow a voter to vote absentee after the application period has passed if there are other emergencies that prevent the voter from voting in person at his or her polling place.⁷² The commission shall determine whether the ballots shall be delivered to the voter by mail or hand-delivered.⁷³ Note that, practically speaking, it may be difficult for a voter to exercise this right, as it involves convening the election board and asking for a vote—without an explicit process for how to ask an election board to convene.

Contact a Captain if you are working with a voter who is unexpectedly hospitalized.

23. ELIGIBILITY: Do I have to have a specific reason for requesting to vote by mail ballot?

Only voters who fit one of the following categories are eligible to have a ballot sent by mail:⁷⁴

- The voter has a specific, reasonable expectation that he or she will be absent from the county on Election Day during the entire 12 hours that the polls are open.
- The voter has a disability (note that voters who are unable to make a voting mark on the ballot or sign the absentee ballot secrecy envelope and request delivery of a ballot within Indiana must vote by absentee voter board rather than by mail ballot⁷⁵).
- The voter is at least 65 years of age.
- The voter will have official election duties outside of the precinct.
- The voter is scheduled to work at his or her regular place of employment during the entire 12 hours that the polls are open.
- The voter will be confined due to illness or injury or will be caring for an individual confined to a private residence due to illness or injury during the entire 12 hours that the polls are open.
- The voter is prevented from voting due to a religious discipline or religious holiday during the entire 12 hours that the polls are open.
- The voter is a participant in the state’s address confidentiality program.⁷⁶
- The voter is a member of the military or a public safety officer.
- The voter is a “serious sex offender.”
- The voter is prevented from voting due to the unavailability of transportation to the polls.
- The voter has moved but remains eligible to vote at precinct or former residence under Indiana’s fail-safe procedures. (Refer to [Question 6](#).)

Indiana also offers absentee voting by traveling board for voters who meet one of the following qualifications:

- The voter expects to be confined, due to illness or injury, or the voter expects to be caring for a confined person at a private residence, on Election Day.
- The voter is a voter with disabilities and believes their polling place is not accessible to them.

- The voter is physically unable to complete the ballot or sign the affidavit on their own.⁷⁷

Applications to vote by traveling board can be downloaded on the [Indiana Voter Portal](#). Click the blue button in the middle of the screen that says “Vote By Mail or Traveling Board” and scroll a little more than halfway down the page.

24. STATUS OF APPLICATION AND/OR BALLOT: How can I check the status of my mail-in ballot application and/or mail ballot?

A voter can check the status of their mail-in ballot or application on the Indiana Voter Portal (<http://www.indianavoters.com/>); scroll down near the bottom and click the blue button reading “Visit My Voter Portal”) or by calling 1-866-IN-1-VOTE. The voter needs to type in their information to check the status of their ballot. Note that this website is not updated in real time. A voter may also call their election authority and ask about the status of their ballot.

25. MAIL-IN BALLOT REJECTED: I learned my mail-in ballot was rejected. What can I do to fix any errors or get another one?

Call the voter’s election authority to learn further details about why the voter’s mail-in ballot was rejected, which will help determine next steps. If a mail-in ballot is rejected because the voter forgot to sign the security envelope or the authenticity of the signature is questioned, the county is required to notify the voter and give them the opportunity to cure the defect.

If a voter’s mail-in ballot is rejected, that voter may appear in person before the county election board before 5 PM on Election Day to request a certificate stating that the ballot has been rejected. The voter may then take this certificate to vote in person.⁷⁸ Note that practically speaking, this process is difficult and potentially impossible for a voter to complete.

26. COMPLETING BALLOT: How do I complete the mail-in ballot? Are there any identification requirements?

If the voter’s application for a mail-in ballot is approved, they will receive a ballot packet in the mail. An individual voting by mail is not required to provide proof of identification when they submit their ballot.⁷⁹ (However, refer to [Question 36](#) if the individual is a first-time voter and needs to provide proof of residency.)

27. LOST OR SPOILED: What if I lost my mail-in ballot or it is spoiled or I received an incorrect one?

If a voter’s mail-in ballot has been destroyed, spoiled, lost, or was never received, the voter may request a replacement ballot by filing a statement with the county election board.⁸⁰ “The statement must affirm, under penalties of perjury, that the voter did not receive the official ballot (or that the ballot was received by the voter, but was destroyed, spoiled, or lost), and must set forth any facts known by the voter concerning the destruction, spoiling, or loss of the ballot.” The circuit court clerk should then issue the voter a new ballot. The voter must then “destroy any spoiled ballot in the possession of the voter or any lost or delayed official ballot that comes into the possession of the voter.”⁸¹

28. NON-RECEIPT OF BALLOT: What if I requested a mail ballot but have not received it? Can I do anything?

A voter who has not received a mail-in ballot, after a reasonable amount of time, may follow the procedures outlined in [Question 27](#).⁸² Refer to [Question 29](#) for instructions if the voter has not received the ballot by Election Day and wishes to cast a ballot at their polling place.

29. IN PERSON OPTION: What if I requested a mail ballot but I want to vote in person on Election Day?

Before Election Day

The Indiana Election Division has re-interpreted the Indiana Code for the Nov. 3, 2020 election; the IED asserts that voters who have requested and received a mail-in ballot *may not* surrender it during the early voting period (“in-person absentee voting”) to vote in-person *unless* the ballot is spoiled or defective.⁸³ Even if a ballot is spoiled or defective, that voter must go to the county election board, as described in [Question 27](#); the voter cannot merely bring the defective ballot to an early voting location.

Advocates are contesting and challenging the IED’s new interpretation, described above. Check with a captain to determine the most up-to-date guidance for voters who have a mail-in ballot but wish to vote in-person before November 3.

A voter who has not yet received their mail-in ballot may vote in-person before Election Day if the voter executes an affidavit affirming that the voter has not received a mail-in ballot.⁸⁴

On Election Day

A voter who has requested and received a mail-in ballot may vote in person on Election Day by regular ballot, as long as the voter has not already submitted the mail-in ballot, is otherwise qualified to vote, and returns the absentee ballot to the election inspector to be marked “cancelled.”⁸⁵

A voter who has requested, but not received, an absentee ballot by Election Day may vote in person by regular ballot, if the voter executes an affidavit affirming that the voter has not received a mail-in ballot.⁸⁶

If the poll list indicates that the voter has cast a mail-in ballot that has been received by the county election board, the voter may not vote in person, unless the mail-in ballot was marked “rejected.”⁸⁷ In that situation, the voter must obtain a certificate that the mail-in ballot was rejected from the county election board before 5 p.m. on Election Day, and bring that certificate to the polling place.⁸⁸

30. MAIL-IN BALLOT DEADLINES: What is the deadline for the mail-in ballot to be postmarked and/or received by, including dropping it off in person?

The county election board must receive a mail-in ballot by noon (local prevailing time) on Election Day, November 3, 2020; a postmark is insufficient to establish timely receipt.⁸⁹

Note: In September, the United States District Court for the Southern District of Indiana entered a preliminary injunction requiring county election boards to count mail ballots that were postmarked by Election Day and received within 10 days of the election.⁹⁰ The 7th Circuit stayed the preliminary injunction

and summarily reversed the case, meaning that **ballots once again must be returned by noon on November 3, 2020.**

31. MAIL-IN BALLOT DROP OFF LOCATIONS: What are the locations for dropping off a completed mail-in ballot (instead of mailing it)?

Completed mail-in ballots must be returned to the county election board.⁹¹

Note that the Marion County Election Board has announced an expansion and allows voters to return their completed mail-in ballot to any early voting site or to any vote center on Election Day (as long as it is returned before noon!).⁹²

32. ASSISTANCE DROPPING OFF: Can someone drop off my completed mail-in ballot for me?

Yes, the completed mail-in ballot may be returned to the election board by a member of the voter's household or the person holding the voter's power of attorney.⁹³

33. IN PERSON ABSENTEE (Early Voting): Where do I vote in-person absentee?

In-person absentee voting in Indiana is synonymous to Early Voting. See [Questions 14-18](#) for more information on Early Voting.

A voter can check early voting dates, times, and locations on the [Indiana Voter Portal](#). Note that while in-person absentee voting is available to all voters, mail-in absentee voting is available only to certain voters outlined in [Question 23](#).

HOW TO VOTE: ELECTION DAY

34. HOURS: When do the polls open and close on Election Day? What if the polls are closing but I'm in line?

The polls must be open from 6:00 a.m. to 6:00 p.m. **prevailing local time*** on Election Day.⁹⁴ A voter in line at the polling place by 6:00 p.m. must be allowed to vote.⁹⁵ **[*Note: Parts of Indiana are in the Eastern Time Zone and parts are in the Central Time Zone.]**

***Note to hotline or field volunteer:** If you learn that a polling place prohibits those who were in line by the time the polls closed from voting, advise voters to stay at the polling location and contact your captain immediately.

35. POLLING LOCATION: Where do I vote on Election Day?

A voter can find his or her polling place by checking the [Indiana Voter Portal \(https://indianavoters.in.gov/\)](https://indianavoters.in.gov/). Voters in Marion County may check vote.indy.gov.

Note that many counties in Indiana use vote centers, meaning a voter may vote at any polling location. See a [list of counties that use vote centers here \(https://www.in.gov/sos/elections/4493.htm\)](https://www.in.gov/sos/elections/4493.htm); please **double check the specific county's website** in case any last minute changes due to COVID-19 affect the availability of vote centers.

If a voter has moved recently and has not updated their voter registration, refer to [Question 6](#).

***Note to field and hotline volunteer:** Due to the COVID-19 Pandemic, many polling places have been moved or consolidated. The information on the Indiana Voter Portal may not document last minute changes. Google the voter's county and check the county election board website for any last minute changes to polling locations.

36. IDENTIFICATION: What identification is required to vote on Election Day? Can I vote without providing identification?

Each voter must present **photo** ID that meets ALL four of the following criteria:

- The identification displays the voter's photograph;¹
- The voter's name on the identification "conforms" to the name in the voter registration record ("conforms" does **not** mean "identical");⁹⁶
- The identification was issued by the U.S. government or the State of Indiana; AND
- The identification includes an expiration date, and the identification has not yet expired, or it expired after the date of the last general election (in this case, November 6, 2018), *except that* a document issued by the U.S. Department of Defense, the U.S. Department of Veterans Affairs (or the U.S. Veterans Administration), a branch of the uniformed services,⁹⁷ the Merchant Marine, or the Indiana National Guard that otherwise complies will be acceptable even if it has no expiration date or an indefinite expiration date.⁹⁸

In most cases, an Indiana driver's license, an Indiana photo ID card, a military or veteran ID, or a U.S. passport is sufficient.

A voter who cannot provide the required identification must be allowed to cast a provisional ballot.⁹⁹ The provisional ballot will be counted if the voter provides the required identification (or an affidavit that the voter is indigent and unable to obtain photo identification without paying a fee or that the voter has a religious objection to being photographed) to the county circuit court clerk or the county election board **before noon on the 10th day after the election: November 13, 2020 for the 2020 general election.**¹⁰⁰

¹ Note a few exceptions to the photo ID requirement: 1) "If the voter is unable to obtain an ID because the voter is indigent or has a religious objection to being photographed, the voter may claim [an] exemption from the ID requirement by appearing in person before [the] county election board not later than noon, ten days after the election and affirming under penalties of perjury that the exemption applies;" 2) "If the voter is registered to vote and resides in the state-licensed facility where the precinct's polling place is located, the voter is exempt from this ID requirement." Voters without a valid photo ID may obtain one for free from any Bureau of Motor Vehicles license branch. Contact the BMV at (800) 692-6841, (317) 233-6000 or visit their website at www.IN.gov/bmv. All BMV locations that normally issue driver's licenses and ID cards have extended hours on Election Day. Ind. Sec'y of State & Ind. Election Div., *2020 Indiana Election Day Handbook* at 8 (revised Dec. 2019), <https://www.in.gov/sos/elections/files/2020%20Election%20Day%20Handbook.pdf>.

Additional Requirement of Proving Residency for Some First-Time Indiana Voters. Voters who (a) submitted the voter registration application by mail; (b) have not voted previously in a general election (or special election for a federal office) in Indiana; (c) did not previously provide the required documentation to the county voter registration office; and (d) do not fit within specified statutory exceptions must provide documentation that confirms their *residence* address when they vote.¹⁰¹

Any of the following (including an electronic communication shown via a smartphone, a tablet computer, or in printed form) is acceptable documentation for these first-time voters if it contains the voter's **current name and address**:

- Indiana driver's license or Indiana State identification card (note that this ID may fulfill both the photo ID requirement and the additional documentation requirement);
- Any other current and valid photo ID;
- A current utility bill;
- A bank statement;
- A government check;
- A paycheck; or
- Any other government document.¹⁰²

A voter who cannot provide the required documentation and has not signed the poll book may leave the polls and return with required documentation and vote. Otherwise, the voter must be allowed to cast a provisional ballot.¹⁰³ As noted above, a provisional ballot will be counted if the voter provides the required documentation to the county circuit court clerk or the county election board before noon on the 10th day after the election: November 13, 2020 for the 2020 general election.¹⁰⁴

POLLING PLACE ISSUES

37. POLLING PLACE NOT OPEN: The polling place is not open. What do I do?

The polls must be open from 6:00 a.m. to 6:00 p.m. on Election Day. Voters can find the contact information of their election administrators on the [Indiana website](#).

***Note to hotline volunteer:** If you learn of a polling place not opening on time or is closed, notify your hotline captain immediately. Ask the hotline captain if you should contact the election administrators with the voter on the phone. Ask the voter questions to learn why the polling place is closed (is it the morning and it is not opening on time? Are machines broken? Did the polling place run out of ballots? Did the location of the polling place move?).

38. LONG LINES: There are long lines at the polling place. What do I do? What if the polls are closing while I'm in line?

There will be long lines on November 3, 2020. Troubleshoot with the voter—how long can the voter stay in line? Will the voter have difficulty physically standing for that amount of time (if so, encourage the voter to ask a poll worker for assistance)? Is the voter in a vote center county, and if so, can the voter go to a different polling place?

Voters should report long lines to their county election board or by calling 1-866-IN-1-VOTE (1-866-461-8683). Voters may choose to wait in line or return to the polling place later in the day before the polling place closes at 6:00 p.m. A voter in line at the polling place by 6:00 p.m. must be allowed to vote.¹⁰⁵

Note: As of 2019, voters and organizations *may not* petition for extended polling place hours. Polling place hours extensions may only be requested by a county election board.¹⁰⁶

39. EQUIPMENT FAILURE: What should I do if there are equipment problems at my precinct?

There are many types of equipment in polling places. Ask the voter questions to better understand what type of equipment is broken and if the malfunction is disenfranchising voters. Determine whether the election judges are aware of the problem and actively working to solve it, or if they are ignoring it.

Be especially aware of machines that may provide access for voters with disabilities or limited English proficiency, such as touchscreen voting machines or voting machines with audio-visual capabilities.

Voters may also report the equipment malfunction themselves by calling 1-866-IN-1-VOTE (1-866-461-8683).

***Note to hotline volunteer:** If you learn of equipment not working properly at a polling place, and you learn that the problem is resulting in voters not being able to vote, notify your hotline captain immediately.

40. NO PPE/COVID: What if my polling place is not enforcing COVID-19 precautions or has run out of supplies?

Voters may wish to provide their own PPE. In preparation for the primary election, the National Guard assisted with the distribution of PPE to Indiana polling places, however there are no legal requirements regarding PPE and other COVID-19 precautions at polling places in Indiana. Secretary of State Connie Lawson has encouraged mask use, but not all counties are requiring poll workers to wear masks or to follow other COVID-19 precautions.

A voter cannot be denied the right to vote for refusing to wear a mask, although they may be encouraged to wear a mask.

Many counties in Indiana use vote centers instead of precinct-based polling places, meaning a voter may vote at any polling location. Check if the voter's county uses vote centers here: <https://www.in.gov/sos/elections/4493.htm>. **It is best to also double-check the county's specific website to ensure that they are using vote centers this election.** If the voter has time, encourage them to vote at a different location that (hopefully) will be following COVID-19 precautions.

41. EQUIPMENT ASSISTANCE: I don't know how to use the voting equipment. Can I get help?

Voting information and instructions should be printed on cards that are posted and available at each voting place.¹⁰⁷ Instructions to voters also shall be posted¹⁰⁷ in each voting booth or placed on the marking device.¹⁰⁸ After a voter has signed the poll list, the voter may request that two election judges give an explanation of how to vote.¹⁰⁹ In addition, after entering the voting booth, a voter may request instruction

on the proper use of the voting system from two election judges. The judges shall then approach the booth, though not enter, and call out additional instructions to the voter.¹¹⁰

A voter may be assisted in the voting booth if:

1. The voter has a disability (permanent or temporary) OR is unable to read or write in English; AND
2. The voter requests assistance before entering the voting booth.¹¹¹

The person assisting the voter may not be the voter's employer, an officer of the voter's union, or an agent of the voter's employer or union.¹¹²

42. PHYSICAL DISABILITY: I am physically disabled and need assistance. Will my polling place be accessible?

Each polling place must be accessible to elderly voters and people with disabilities,¹¹³ and each polling place must have at least one voting system equipped for individuals with disabilities, such as a direct record electronic voting system.¹¹⁴ The accessible voting system must permit voters with disabilities (including voters who are blind, visually impaired, and mobility impaired) to cast a ballot privately and independently. Voters may call the Hoosier Voter Hotline at 1-866-IN-1-VOTE (1-866-461-8683) or the Indiana Election Division at 1-800-622-4941 to file a grievance about a polling place's accessibility.¹¹⁵

A voter who requires the assistance of a service animal is entitled to bring the animal into the polls and the voting booth.¹¹⁶

A polling place should have chairs available for voters who are unable to stand for long periods of time.¹¹⁷

If a disabled voter wishes to vote by absentee ballot and is unable to make a voting mark on a ballot or sign the absentee ballot secrecy envelope, the voter must vote by means of a traveling absentee voter board.¹¹⁸ See [Question 22 and 23](#) for more information about voting by traveling board.

Indiana does NOT allow "curbside voting," i.e. voting outside of the polling place.¹¹⁹

43. READING/LANGUAGE ASSISTANCE: I am blind, physically disabled, or cannot read English and require assistance in order to vote. Can I get assistance at the polls?

Yes. A voter requiring assistance at the polls for any of the reasons stated above can request assistance with voting before entering the voting booth and may designate any person—other than the voter's employer, an agent of that employer, or an officer or agent of the voter's union—to assist the voter in voting.¹²⁰ If a voter requests assistance before entering the voting booth, but does not wish to designate a person to assist, two election judges will assist the voter.¹²¹ No one who assists a voter may disclose any information about the voter's choices and each individual who assists a voter (including election judges) must complete an affidavit prior to giving assistance.¹²²

44. CURBSIDE VOTING: When can I request curbside voting?

Curbside voting is not permitted in Indiana. A voter must enter the polling place to vote, and election officials are not permitted to bring ballots outside of the polling place.¹²³

45. CAMPAIGNING: What rules apply to people campaigning or "hanging around" my polling place? Can people approach me?

People may not electioneer within the polling place or within fifty feet of the entrance to the polls (known as the “chute.”). “Electioneering” includes expressing support or opposition to any candidate or political party or expressing approval or disapproval of any public question in any manner that could reasonably be expected to convey that support or opposition to another individual. This includes wearing or displaying an article of clothing, sign, button, or placard that states the name of any political party or includes the name, picture, photograph, or other likeness of any currently elected federal, state, county, or local official. A person who knowingly commits electioneering within the polls or the chute commits a Class A misdemeanor.¹²⁴

46. CHALLENGES: Someone is formally challenging my vote. What do I do?

Voters should explain to the hotline volunteer why their right to vote is being challenged, and the hotline volunteer should troubleshoot with the voter to try to overcome the challenge. If someone successfully challenges the voter’s right to vote, they should cast a provisional ballot.¹²⁵ The voter must complete all steps in the provisional ballot process, including completing an affidavit affirming that they are legally qualified to vote in the precinct (PRE-4) under the penalties of perjury and signing the PRO-2 (security envelope).¹²⁶ See [Question 28](#) for more information on provisional ballots.

47. INTIMIDATION, PRIVATE MILITIA, POLICE/MILITARY PRESENCE: There are police/members of the military at the polling place. Is this okay? What do I do?

State law prohibits a person from knowingly or intentionally intimidating, threatening, or coercing an individual for voting or attempting to vote.¹²⁷ If a voter feels that their rights have been violated, they can report the intimidation to their local election officials, whose contact information can be found on the [Indiana Voter Portal](#).

Some polling places may be in police stations or in buildings with private security guards. Even in these situations, a voter should be able to vote without facing intimidation. Police officers and firefighters may not recklessly challenge voters while wearing parts of their official uniforms.¹²⁸ Federal law prohibits military from being deployed to polling locations.¹²⁹

Guns may be permitted in the polling place, but intimidation is illegal, including intimidation accompanied by a gun. Again, notify your Captain if a voter is intimidated by the presence of a gun in the polling place.

***Note to hotline volunteer:** If you learn of members of the military at the polling place, notify your hotline captain immediately.

48. PROVISIONAL BALLOT: I have been offered a provisional ballot. What should I do?

A voter should be offered a provisional ballot in only the following situations:

- 1) The voter is unable or declines to present photo ID that meets the photo ID requirements;¹³⁰
- 2) The voter’s name does not appear on the poll list, and his or her eligibility to vote cannot otherwise be established or is challenged;¹³¹
- 3) The voter is challenged on the grounds that:

- a. The voter’s name appears on the poll list, but the voter does not currently reside in the precinct, and the voter does not fall within one of the categories of moved voters who are eligible to vote in their old precincts [**Note: Encourage these voters to vote at their new precincts instead, if possible. The voter may be unable to do so if they have not registered at the new address.**];¹³²
 - b. The poll list indicates that the voter is required to present additional documentation, but the voter is not able to do so;¹³³
 - c. The voter is not a U.S. citizen;¹³⁴
 - d. The voter will not be 18 years of age or older by November 3, 2020;¹³⁵
 - e. The voter’s signature on the poll list does not match that on the registration record of the count;¹³⁶
- 4) The voter appeared at the polling place after 6:00 p.m. but is being permitted to vote because of a court or other order extending voting hours.¹³⁷

Other than for these reasons, the voter should be able to cast a regular ballot.¹³⁸ (Note: Except for challenging a voter on the basis of party affiliation at a primary election, a person may not challenge the right of an individual to vote at an election in the precinct solely on the basis of the individual’s actual or perceived affiliation with a political party; or support for or opposition to a candidate or the adoption of a public question.)¹³⁹

A provisional ballot should be a last resort, and the voter should be urged to contact the county voter registration office or election board promptly. The voter will have to resolve any outstanding issues before noon on the Friday following Election Day (November 13, 2020) to ensure the provisional ballot is counted.¹⁴⁰

No one should ever be turned away from the polls. No matter what, an individual can always cast a provisional ballot.¹⁴¹
